Apple report by Jessica Kay

Practice makes perfect!

Great for centers!

No prep!

Thank you for looking at this FREE preview! You can download the full product [HERE!](#)

Estimation can be a hard concept to teach.
The best thing I have found to help students' estimation skills improve is practice, practice,
practice!

With the full purchase you will receive 46 different estimation sheets.

- August – apple, bus
- September – leaf, books
- October – bat, jack-o-lantern
- November – turkey
- December - sleigh, gift, Santa, hat,
- January – igloo, mitten, penguin, snowflake
- February – heart 1, heart 2, heart 3, rose
- March – clover 1, clover 2, horseshoe 1, horseshoe 2
- April – egg 1, egg 2
- May – daisy, frog, ladybug, ice cream cone
- Other – fish, owl, paw print, pig, snail, watermelon, sun, tree, sheep, oval, two stars, square, rectangle, two triangles, circle

Each sheet comes in color and black & white/grayscale. The color sheets would be great to print, laminate, and use in math centers all year long! Simply switch to a new picture each week and your students will be ready to go!

There are also three different estimation tools included to print with this product, in case you do not have manipulatives you want to use. (The full download has seven different tools.)
