Terms of Use for Using HoJo's Teaching Adventures, LLC, Materials in Outschool Courses

You may NOT use my materials in an Outschool course without the additional purchase of an Outschool user license from my store.

Please read the following:

1. You may use my materials in an Outschool course, but the resources used and/or disseminated **canNOT be more than 25% of the course content you teach.**
 - For example, you may not purchase a resource in my store and design an Outschool course solely on my creation. Using a few practice pages, a reading passage or a game are examples of acceptable use.
2. One Outschool user license must be purchased for the course you teach with my resources.
 - For example, if you teach one course, you need to purchase one user license. If you teach three *different* Outschool courses and use my materials in three *different* courses, you need to purchase 3 user licenses. This is a one-time purchase in order to be granted permission by me.
3. In order to obtain an Outschool user license from me, you will need to make your purchase(s). When you create a course description, you will need to include a disclaimer stating you are using resources from my store and include a link to www.HoJosTeachingAdventures.com. See my disclaimer on the next page. **The disclaimer wording will be included with purchase!**
4. If you are sharing pages of my resource with students, they **MUST** be shared securely.
 - For example, you cannot post any portion of my resource/s publicly online where anyone with internet access could download them. Additionally, they cannot be posted to private servers where many people would have access to them.
5. If you are using any of my EDITABLE items, you must add content before sharing with students.
 - For example, the students will NOT be given an editable copy. Rather they will be given one page or the pages where you have added content.
6. I reserve the right to change my terms at any time.

ABOUT THE AUTHOR

My name is Heather. I'm a certified **elementary and special education teacher** in the state of South Dakota. I am also certified to be a K-12 Reading Specialist or Principal.

My classroom experience has ranged from **preK-6th grade**. I've taught everything from a regular gen ed classroom to inclusion special education to Reading Recovery to a multi-grade classroom of ELL students.

All of these varied experiences have given me a chance to really see that teaching is all about **“fun, engaged, impactful relationships & learning”**. (This has also become my blogging mantra!) Treat students with respect and they will do almost anything for you! Once you've built the relationships, the learning will come.

After seven years in the classroom I become a K-6 principal at two schools and K-12 district special education director. I'm now home caring for our two children and working online. I miss the students and staff, but I love still having my hands in education through my online endeavors.

If you have any questions about me, my resources, or my blog – please reach out! I love connecting with other educators from around the world!
